ACADEMIC ADVISOR REGULATION

Objectives - Duties of the Academic Advisor

The Postgraduate Programme has adopted the institution’s Academic Advisor (AA), who has the authority to direct and advise students regarding their studies at the programme as well as monitor their courses. This facilitates students to complete their studies in the most rational and efficient way. Specifically, the AA has the obligation to inform, discuss and advise the students regarding:

- The structure of the curriculum and the content of the courses with the aim of: a) the student's selection of courses that are closer to the student's personal and academic interests and goals and b) to ensure that the student is aware of issues such as the knowledge required to attend specific courses.

- Exam results.

- The selection of the topic of his/her diploma thesis.
• The professional prospects and their correlation with the labor market after completing the postgraduate studies, including the possibility of involvement in research projects in which members of the School participate.

• The prospects for continuing his/her studies towards obtaining a Doctorate Degree.

• Any other issues raised by the student that may relate to or affect his/her studies.

The AAs communicate with the students for questions and advice regarding the educational process on days and times announced on the website or after consultation via e-mail.

**Academic Advisor Appointment Procedure**

Within the first two weeks of studies, the P.G.P. Secretariat randomly allocates, or based on the student's learning goals as reflected in his/her course selections, the newly admitted postgraduate students to the academic staff of the School, who are lecturers at P.G.P..

After the AA is appointed, the Secretariat ensures that all involved members are informed. The AA can be changed upon his/her application or the postgraduate student's application to the Postgraduate Studies Steering Committee (SSC). After the assignment of a Diploma Thesis, AA automatically becomes the supervisor of the Diploma Thesis or a member of the supervision/examination committee of the Thesis. Based on the programme's internal regulations, one lecturer cannot advise, per year, more than 16 postgraduate students (Total number of students/all lecturers).

The annual list of appointed students to the lecturers is posted on the website ([https://cnss.csd.auth.gr/studies/Akadimaikos Symboulos/](https://cnss.csd.auth.gr/studies/Akadimaikos Symboulos/)).
